

## Gifts for Life Dinner Instructions

1. Each member at the table puts his or her donation into a basket in the center of the table. Checks should be made to ERD or Episcopal Relief & Development.
2. Someone from the table counts the money and lets everyone know how much they have to spend (as a table group).
3. As a table group, they decide which items they want to purchase from the catalog (or if they want to make an undesignated donation).
4. Someone from the table records the wishes of the table group on the sheet located on the table and puts the sheet and cash into an envelope in the basket.
5. Volunteers will pick up the envelopes and unused catalogs from each table.
6. We will add up the donations and how they are designated and report back at the Sunday Eucharist.
